## **FROM THE PASTOR**

Then He [Jesus] said to them, "Therefore render to Caesar the things that are Caesar's, and to God the things that are God's. Matthew 22:21

Jesus used the above comment when asked about paying taxes to Caesar. Some wanted to find a way to pit Jesus against Caesar. It was not different than any other time they tried to catch Him in a situation where they could get Jesus crossways with either the religious leaders or with the governing authorities, the Romans.

Jesus was wise enough to put them in their place to the end that they didn't try to trap him ever again. They knew He was more formidable than they and they waited for an opportunity to do Him in, which they did on the cross.

When we think of rendering to Caesar, we think of our responsibility to the government over and against what is our responsibility to God. What happens though when we don't know what is the government's responsibility and what is not?

The Bible points to the education of our children as being foremost our responsibility. We have let that responsibility be taken over by the schools and in many cases, government run schools. We have turned over some of our responsibility to them which may make it easier for us but how much do we know what our children or grandchildren or neighbor kids are being taught from day to day?

Yes, we can let the government do what should be our job and yet if they do, shouldn't we be more involved in their learning so that we know if what our children are being taught are against the things that are God's?

This not only applies to our schools but also to other areas of government that we have let them take over that is outside of what they are to be doing. How much time do we take to deal with the things that are "Caesar's" and the things that the government needs to keep their hands out of as they are things that are God's?

Jesus knew the difference as He dealt with the government and with those who should have been teaching the things of God. We don't see Him throwing things around in the presence of Pilate but we do see Him cleaning out the temple a couple times. Pilate saw nothing wrong with Jesus but the religious leaders were threatened and wanted Him dead. They got their will. We got one who died for us and rose from the grave. We have the one who rose to heaven and now rules until He comes again. We have been given a nation we live in that is the greatest nation on earth that needs us to continue to watch over so that it doesn't go past what it was put in place to do.

## **ELDERS ARTICLE**

Tempus fugit!!!

Here it is August, the annual "celebration" of the "dog days of summer", hot and humid.

As a former weatherman for the military, I get the expected derision from folks about the lack of credence in the forecasts by the "TV" weathermen and anyone else who purports to GUESS about what the weather will do.

How can they get things so wrong with all the "Smart Technology" they have at their disposal? The weather "models" are the unholy grail of modern weather forecasting. These models are based upon years of climatological data compiled and analyzed by various computer programs invented by humans. Throw in the Doppler weather radar data and satellite technology, you would think they couldn't be as wrong as much as it seems they are.

The key factor that all the human and technological aspects of weather forecasting fails to consider is GOD's control of the forces of nature to achieve His will. Even the most devastating of weather events are according to GOD's plan to guide HIS people to salvation. Stories abound about how nonbelievers who suffer severe consequences from nature's wrath find solace and comfort in JESUS .

Just as GOD controls the weather, HE controls our lives. All things we do are part of HIS plan for us and all of HIS children. We are foolish if we think we are in control of our destiny.

The only ways to even begin to understand what GOD has in store for us is to study HIS WORD, PRAY for HIS guidance in our daily

lives, believe in the GRACE of HIS SON JESUS CHRIST as our SAVIOR and accept the HOLY SPIRIT in our hearts,

JAMES R. WILKES, ELDER

## **BOARD OF DIRECTORS**

The Board of Directors did not meet in July 2019.

When we meet this month, we will begin the process of developing a church budget for 2020. If you have ideas, request for budget line item consideration or other germane input please speak to a board of director about them.

We will also be looking at filling board offices for the following: congregation secretary, treasurer, chairs for stewardship and trustee. We'll also be needing to elect three elders. Please be in prayer that willing members will step up to serve in these positions.

## **A PETITION FOR LIFE**

Greetings in the name of our risen and ascended Lord of Life.

The assault on life in this culture of death continues seemingly unabated. But we, as Lutherans, have the distinct blessing, privilege, and responsibility to address this, not from a political and cultural perspective, but from the Law and Gospel as proclaimed in the Bible. There are no asterisks included with "You shall not murder." When God inspired Paul to tell the Corinthians that "the last **ENEMY** to be destroyed is death" (emphasis mine), He didn't proceed to say "unless that death makes your life more convenient," or some such exception.

It can feel pretty lonely at times, though, to proclaim God's truth about life in this political and social climate of death, especially on the frontlines in our congregations. So, we at Lutherans For Life put together a "Petition For Life" and are providing you with the ability to share this with your pastors and laypeople who are fighting that battle every day.

We understand and respect the differences within the Lutheran Body of Christ. We are definitely NOT posting this as an attempt to force syncretism or to pretend that we all agree on every point of doctrine. But I would hope that we could rally together to proclaim an overarching truth: that our God is the Author and sovereign Lord of life. This is an opportunity for ALL Lutherans to support one another and to proclaim that Life is a spiritual, not political or societal, matter,

encouraging our pastors to speak the truth, both Law and Gospel, from the pulpit, in Bible studies, and in private consultations.

Lutherans For Life is asking for your help. Would you please distribute this through your communication channels to your members and congregations? We are NOT doing this to solicit funds or expand our mailing list. Yes, people may choose to receive information about Lutherans For Life, but they have to actively select that option. This is an attempt to make a public statement that we Lutherans may have things that divide us, but we are united on the sanctity of life.

The online petition is here:

[www.ipetitions.com/petition/lutherans-for-life](http://www.ipetitions.com/petition/lutherans-for-life) Thank you for your help. Please let Lutherans For Life know how we might serve you.

Blessings, Rev. Scott Licht  
National Director, Lutherans For Life
