

Welcome Back!

The board of directors and the elders met last night to discuss the opening of the church again for services. I realize some of you may feel uncomfortable attending until we get past this virus thing. If you would still like to stay home we will still provide the online service. We are working with live streaming, (videoing the service the same time we are sending it out. We will try to get everything up and running this Sunday but as you know, doing something the first time, no one can tell what challenges we might have. Bobby & Garrett Anderson have been able to figure things out so far, I imagine they can get a handle on this new wrinkle as well.

Thank the Lord for them and we pray He will be with us as the Word is proclaimed and hearts are opened to heart the law as well as the Good News of our Savior who paid the price for our sins with His own shed blood.

We are planning on having the Lord's Supper this Sunday. There will be some changes which if any of you have been at a convention, District or maybe LWML, we will have that type of Communion as it will be easier to keep the distancing rules.

I know we haven't seen each other in awhile but if you would, try to wait to visit with each other until you are in the Great Room, spaced out, after church or until you are outside. The Ushers will help you in the seating etc. I will try to inform you as to how we will handle things as well.

I look forward to seeing you. If you still are staying home and want communion, let me know and you can make an appointment to come by or I can come to you. I pray the vaccine won't be long in coming and the "experts" will get their advice in tune with the true dangers we need to be looking out for with this pandemic.

If you have any questions or comments, you can reply to this email. See you soon. In Christ's Service, Pastor Heithold
